The image shows a smartphone screen with the Seltzer Water Services mobile application. The app is titled "Create New Work Order" and is currently on "STEP #2 : WO INFORMATION". The interface includes a progress bar with three steps: 1. Location, 2. Information (which is the current step and is highlighted with a red circle), and 3. Review. Below the progress bar, there are several input fields: "Problem" with a dropdown menu showing "Broken Water Meter (09)", "Assigned To" with a dropdown menu showing "Mike Thornhill (20)", "Priority" with a dropdown menu showing "Normal Priority", and "Scheduled Date" with a date picker showing "04-11-2019". At the bottom, there is a "Comments" text area with the text "Leak on left side of property". Below the comments area are two orange buttons: "« PREVIOUS STEP" and "NEXT STEP »".
